The Bloomfield Record.

VOL. VIII. BLOOMFIELD, N. J. FRIDAY, MARCH 12, 1880. NO. 373.

Before the Election.

To the great majority of citizens, embracing both those who went to the polls and voted and those who staid away, the attendant circumstances of the recent Township election are little known. There was less excitement and agitation before the day than for years past. There are some who think and say (perhaps with a tinge of irony), in view of the result, that even the agitation, trouble and expense incident to holding primary meetings might be dispensed with, since one citizen has the power of determining who shall be named, nominated and elected at Town Meetings in Bloomfield.

With a view of throwing a few rays of light upon the quiet caucussing preliminary to the late election, we have obtained from reliable sources a few facts pertaining thereto.

REPUBLICAN CAUCUS.

A meeting of Republican leaders was held in Cohen's Hotel on Thursday evening, March 4th, at which those present agreed to support at the regular primary meeting, to be held the next evening, the following men as candidates: For Chosen Freeholders, William Cadmus and Thomas McGowan. For Town Committee, Thomas E. Hayes, Thomas Oakes, Lewis Cockefair, Peter S. Cadmus and Stanford Farrand.

At the primary meeting, subsequently held, the usual blank tickets, also tickets with names printed in, were circulated as people assembled. It was discovered, to the surprise of some, that the slate of the previous evening had been smashed, since in the printed list the name of Jas. C. Beach displaced that of William Cadmus for Freeholder, and John Sherman's that of T. E. Hayes for Town Committee. After some consultation among leaders, Chas. M. Davis was elected Chairman. Candidates were then named, in the course of which James A. Hedden interrupted the proceedings, and insinuating that a "Greenbacker" had been named, moved that all such be stricken from the list. The Chairman said that he would see that the order was obeyed. The votes of the meeting were eventually collected, tellers appointed, and the work of counting began. The result was announced by Mr. Beford, the meeting, during the hour of counting, having decreased in numbers to about a dozen.

SO-CALLED DEMOCRATIC PRIMARY.

A political bear garden was held at Friendship Hall on Saturday night, at which a ticket was nominated under the inspiration, apparently, of whiskey, and without doubt under the management of one or more Republican leaders "behind the scenes." This was evident from the fact that the political inwardness of the affair was to divide the Democrats into factions and prevent the re-election of Peter S. Cadmus to the Town Committee and William Cadmus as Freeholder. The respectable Democrats declined to take part in the proceedings. The ticket that was concocted then and there was christened the "Citizens' Ticket." It was worked at the polls by such men as could be hired to do so, and the electioneering expenses needed paid for, in all probability, out of the general "Republican" fund.

OTHER CAUCUSSING

A few members of the Greenback and Democratic parties met on Saturday night in Carl's building. A joint committee of ten agreed upon a ticket supporting H. B. Robinson and Thomas McGowan for Freeholders, a mixed Town Committee, selected from all parties, Philip Weaver as the opponent of Wm. R. Hall for Justice, and S. M. Hulin for Township Clerk. The tickets printed by virtue of this joint caucus were alike as to candidates, but headed respectively "Anti Ring" and "Democratic."

Beaten, but not Conquered.

The political animosity between Ex-Freeholder Cadmus and "Boss" Hedden originated several years ago over the refusal of Cadmus to use his influence in favor of some favorite of Hedden for appointment at the Court House. This demanded the taking of Mr. Cadmus' political scalp, and now the "Boss" has succeeded. Two years ago he managed to prevent the nomination of Cadmus by "returning board" tactics in the primary meeting. The Republicans saw that the trick had been clumsily played, and they turned on the Ring and re-elected Mr. Cadmus. Last year he was also re-elected. This Spring his nomination was again prevented by trickery. In saying this we intend no reflection upon Mr. Beach nor Mr. McGowan. Two more honest citizens could not be chosen in the township for the office. But the facts which we would lay before the people are simply these: The "combination" of McGowan and Beach was obviously hatched up to kill off William Cadmus. The combination was sprung upon the Republican primary meeting last Friday night. In a word, the man who runs the two "machines" in this town ruled Cadmus and other anti-ring men out by "fixing" both the Republican and Democratic primary meetings. It is reported that on the night of election, when the victory was assured, he boasted in Cohen's barroom that he had accomplished *what he had been five years working for.*

Modesty forbids that in this connection much should be said about the political victory of the Republican Boss in the Township Clerk part of the programme. There was considerable "rum and revenge" in that. But we are entirely satisfied with the result, and would be better satisfied still if it were even more of a Waterloo, since it would but show that the professed temperance and religious vote was united with the rum vote to crush out a paper which stands between the people and those who debauch, enslave and rob them; a paper which does not make fish of a rum shop and flesh of a National Bank usury shop.

But we war against iniquitous customs and systems rather than against persons. We have no personal quarrel with any man. When this paper was started, Jas. A. Hedden was among the first to support us. We thank him for his kindness and wish to believe that he did so generously. It is fair to say that in so doing he had no intention of subsidizing THE RECORD and using it as a grindstone for his personal and political axes. Certain it is, we never "bowed the knee to Baal," soon lost Mr. H's patronage, and have never recognized any political schemes or other jobs of his putting up, except by mercilessly pitching into and exposing them. Consequently, the Bloomfield Boss and the Bloomfield editor never hitched after becoming well acquainted, but have traveled the road to glory, or elsewhere, by different routes. We have simply agreed to differ politically and theologically, and hence it was not strange, when, entirely unexpected by the writer, his name being mentioned by a Republican in the Republican primary meeting as a possible candidate, the organizer of that meeting got up promptly and piously said, with prayer-meeting gravity: "Mr. Chairman, is this a Republican or a 'Greenback meeting?" Is it orthodox or heterodox? I demand that these proceedings shall be after the fashion of our sanctified sect. Every man must pray as I do, or at least make his prayer after this style:

"God, I thank thee, that I am not as other men, Republicans, Democrats or Greenbackers, or even as these wicked greenbackers."

And it was quite in accordance with the temporary fitness of things that "Mr. Chairman" said: Amen! Your Lordship's fiat as to these awful greenbackers shall be enforced. Think of the black eye they gave the School Tower Job! And the "illegal" election last Summer! Cut off their heads! Annihilate THE RECORD! 'Cause we don't know who, where, or when this greenback lightning is going to strike again.

And verily, the obedience to the Ring Master's fiat seems to have been nearly unanimous in the Center District. The amen and amen must have gone round the charmed circle, and back and forth, on election day, shuttle fashion, from the *elite* headquarters in the east room of the Library Building, to the less refined and more redolent headquarters at Ben. Cohen's, with a pronounced fervor and flavor of orthodoxy, judging from the number of "straight tickets" voted.

THE ELECTION.

The Township Election, held on Tuesday last, in Bloomfield, resulted in the success of the regular Republican ticket, which was nominated at the primary meeting last week Friday evening. The Township officials elected are as follows:

Judges of Election, 1st Dist., Wm. Colfax, 2nd Dist., Jas. W. Baldwin. 3d Dist., John Hull.

Inspectors, 1st Dist., Jos. A. Davis, Jr. and Chas. H. Nash. 2nd Dist., Walter S. Freeman and Joseph Morris. 3d Dist., John G. Keyler and James Hughes.

Election Clerks, 1st Dist., E. Westlake. 2nd Dist., B. F. Haskell. 3d Dist., W. A. Freeman.

Assessor, Joseph K. Oakes.

Collector, Alex. C. Marr.

Township Clerk, Edwin Westlake.

Chosen Freeholders, Thomas McGowan and James C. Beach.

Surveyors of Highways, N. H. Dodd and Joseph K. Oakes.

Commissioners of Appeal, Augustus T. Morris, Thomas Oakes and Phineas J. Ward.

Overseer of the Poor, Jas. M. Walker.

Town Committee, Reuben N. Dodd, Stan. Farraud, Thomas Oakes, John Sherman and Lewis Cockefair.

Justices of the Peace, Wm. B. Hull, Wm. Parsons, Abram Yereance and T. P. Day.

Constables, Benj. F. Baldwin, Moses Davis, Chas. B. Haff and Fred. D. W. Darling.

The Appropriations voted, are for Support of Poor, $1,500; for Contingencies, $2,000; for Repair of Roads, $4,000; for Cross Walks, $500; for care of Public Grounds, $200.

An article from a Plainfield paper on the Anti-Green movement, will be of interest to many of this region. This patent on making a hole in the ground seems to be about the most ridiculous example of legalizing a man to get money under false pretenses we ever heard of.

Two of our County exchanges devote editorials to the letter of Frank C. Bliss, published in this paper last week. The "South Orange Bulletin" gives a summary of the letter, and endorses the argument of Mr. Bliss, also fully indorsing the view taken by [illegible] there are any good reasons to the contrary, we should be glad to see them stated.

From the East Orange Gazette.

County Superintendent of Schools.

A very full and complete history of the recent school trustee trouble in Bloomfield, is published in the Bloomfield RECORD of last week, and if the facts are as therein stated, which we do not doubt, County Supt. Davis would be doing a service to the schools by promptly resigning his position. We understand, that for some time past there has been considerable dissatisfaction with our present Superintendent, and it was hoped that he would not again receive the appointment. Certainly a man who would attend a school election and act as it is stated he did in Bloomfield, is not the proper man for this position. We endorse the sentiment of the RECORD, that the County Superintendent, should be elected by the people and should be deprived of some of their arbitrary powers. One man, appointed at Trenton, should not be the educational autocrat of the County, clothed with authority enabling him, if he wills, to say who shall or shall not be trustees or teachers in the school districts under his jurisdiction.

The concert of the Bloomfield Amateur Cornet Band came off in Library Hall on Wednesday night, and proved to be a success in every respect. The audience nearly filled the building. The programme was well arranged and the music, both instrumental and vocal, was well rendered. The treble and alto duetts on the cornet were very fine. Miss Weaver sang with pleasing effect, and received a double encore. Mr. Will Moore also elicited well-merited applause. The band gave evidence of rapid improvement, and, we hope, will feel encouraged by their efforts to please the public on this occasion.

The anniversary exercises of the Young Men's Union of the M. E. Church will be held in the Church next Wednesday evening, 17th inst. Besides the usual reports, the programme will include readings, recitations, vocal and instrumental music, with an oration by the Rev. George A. Scrimger, from Drew Seminary. Admission free. All cordially invited.

A lecture will be delivered by the Rev. Michael J. Holland, of St Columba's Church, Newark, on Sunday evening next, in the Church of the Sacred Heart. The subject of the lecture is to be "St. Patrick and the Glories of Ireland." Tickets of admission for sale at twenty-five cents each.

Mr. M. M. Bradley and family expect soon to remove from Bloomfield to Brooklyn. Westminster Church by this removal loses a number of its active and devoted workers.

ANTI-GREEN ASSOCIATION.

From the Plainfield Bulletin.

A Systematic and Concentrated Defence to be Made Against Green and his Agents—A State Association Formed.

An enthusiastic meeting was held at the Board of Trade Rooms in this city, on Friday Evening, Feb. 27, 1880 to organize an Anti-Driven Well Association for this State. Among those present were A. Berry, P. M. French, W. F. Adams, Dr. Wm. Gale of Westfield, J. N. Schuck, W. A. Woodruff, W. E. Gardner, C. E. Dunham, T. F. French, C. S. Austin and others, all gentlemen of high character and business standing, who believe that the attempt made by Green, Andrews, and others for the collection of royalties for the use of driven wells is a swindle perpetrated, for the present, under the form of law. The meeting was called to order by T. F. French, who was elected to the chair. Mr. Chas. M. E. Dunham acted as Secretary. The call for the convention was read, and on motion it was resolved that this association shall be known as the Anti-Driven Well Association of New Jersey. The Chairman stated that as the business before the meeting was well known to all present it was unnecessary to go into details. What was most needed was co-operation of action and funds to successfully resist this monopoly. As Green & Co. have sued but a few in this State, and they in different localities, no united action has been made. We propose by this Association to concentrate our forces, and make one grand rally for our right to the use of the pure, wholesome water which God has placed so near us, without paying unscrupulous patent sharks a royalty for obtaining the same, and that, after we have paid for the means, (pipe and pumps) to get it. It can be shown that these wells were in use long before Green pretends to have conceived the idea. They were in use in Vermont, Massachusetts, New York, Ohio Illinois, and [illegible] this State betwen 1851 and 1861; and it can also be shown that if he made the invention he abandoned it and has no right for that reason.

What we need most is funds to carry on the suits in the U. S. Circuit Court at Trenton, (this suggestion was agreed to by a generous subscription) and all the citizens of the State are equally interested. A committee was empowered to draft and introduce a bill into the Legislature now in session, asking aid in money to assist in defending the suits in equity, now instituted by Green and others, and that the following petition be circulated for signers:

To the Honorable, The Senate and General Assembly of the State of New Jersey.

The undersigned, residents of the State of New Jersey, respectfully represent to your Honorable Bodies, that one Benjamin E. Green, claiming to be the owner of a patent for the process of Driving Wells in this State, has commenced suits against many [illegible] use of their wells. And we do firmly believe that the said Patent was obtained through fraud, and that it will be shown in due time that driven wells were used by hundreds of people and for many years before the said Green ever used the same. And as driven wells have been used by thousands of people who innocently paid for them long before they ever heard of the said Green and his pretended invention, and that said demands and suits of said Green are oppressive and unjust, and if successful will cause material injury to a large class of your constituency and the public welfare. Wherefore, we pray that your Honorable Bodies will appropriate such sum of money as may be proper to assist the people of this State in oppressing such demands and oppressive and expensive litigation, and your petitioners will ever pray, etc.

The following gentlemen were elected as officers until the next regular meeting:

T. F. French, President;
Chas. E. Dunham, Secretary;
J. R. Van Deventer, Treasurer;
Wm. Gale, P. M. French, Alfred Berry, W. E. Gardner, John I. Campbell, Executive Committee.

Messrs. Van Winkle & Maxson, of Plainfield, and Hon. James Buchan, of Trenton, are attorneys for the defendants.

It was decided that the Association should respectfully ask the aid of the press of the State in getting the Association and its objects before the people, and in resisting this swindling scheme.

The officers of the Association request correspondence from all persons interested, and it is hoped that the citizens of all localities where driven wells are in use will organize local Associations and send delegates to the State Association.
